Study Hotel Management on a prestigious scholarship in Australia

The tourism and hotel industry is rapidly evolving and can offer many different and dynamic career paths. As a leader in this field of education, Australia is home to many of the world's top study programs that give aspiring professionals a competitive edge in the global market.

The International Centre of Excellence in Tourism and Hospitality Education, an Australian government initiative encouraging excellence in tourism, hotel and event education, endorses a range of high quality programs and offers a number of scholarships to international students who would like to study in Australia. These programs have been independently assessed by an international panel to meet THE-ICE Standards of Excellence.

The Hotel School Sydney (THSS), is positioned in the heart of the city. With the Harbour, Opera House and Botanical Gardens on its doorstep, it has delivered Southern Cross University's Bachelor of Business in Hotel Management for over 3 years. With advanced standing offered to suitable candidates, the program is focused on hotel operation, management practice in the tourism and hospitality industry and the skills needed for continued learning in a changing global business environment. The School is a pioneer in Australian hotel management education.
